Come have some fun!

Want to get out and enjoy a Summer evening? **Grab your friends and coworkers and join us for a casual happy hour at Inbound Brewco. on Thursday, June 21.** We'll be there from 5:00 to 7:00 buying the rounds and having a good time. The Market BBQ food truck will be on hand as well. No need to RSVP, but mark your calendars today and we'll see you there!

Getting your first \$1,000,000

The most reliable path to becoming rich is to save your way there, and the easiest way to do that is to start early. Starting early has a huge impact on your future wealth.

[Here's how much.](#)

Is this the end?

After a record setting 2017, the stock market has bounced its way through the first half of the year. Many people fear that the long bull market may be coming to an end, but Stephen Auth of Federated Funds lays out a case for [why the fear mongers may be early to the party.](#)

Have you ever looked at it like this?

US States Renamed for Countries with Similar GDPs (2017)

You probably know that the United States is the world's single largest economy. But have you ever realized just how big we are compared to the rest of the world? And not only how big, but how productive we are. **Overall, the US produced 24.3% of world GDP in 2017, with only about 4.3% of the world's population.**

Or how about this: the state of Minnesota has an economy roughly the same size as that of Israel. If California was its own country, it would be the 5th largest economy in the world. [Click here to see how each state ranks vs. other countries around the world.](#)
